

“A golden light fell on them from the left He turned and saw, pacing beside him, taller than a horse, a lion It was from the lion that the light came. No-one ever saw anything more terrible or beautiful.” *The Chronicles of Narnia, The Horse And His Boy.*

**THE LION, THE
WITCH & THE
WARDROBE**
IN THEATERS NOW!

DON'T MISS IT!

By the time you get this letter, The Lion, The Witch & The Wardrobe, will have debuted worldwide. It will probably be one of the biggest movies of the year, and the name **ASLAN** will be in the hearts and on the lips of children of all ages around the world for many years to come.

Because of this, our website will be visited by people from around the world who will *google* **ASLAN** and learn about our work with children.

Most of our **Aslan** kids can't afford to see the movie without our help. Along with your much needed end-of-year gift, would you consider adding \$10 for a ticket for one child? What a wonderful and special present this would be for one of our little ones!

December 2005

Aslan Is On The Move

Christmas At Aslan

Christmastime at Aslan is always wonderful. We, of course, spend a lot of time talking about the First Christmas and the joy of angels announcing Jesus' birth. But thanks to so many wonderful individuals, churches & organizations who do so much to

make Christmas special for our Aslan kids, we also have lots of fun and merriment, with parties, presents, food and gobs of thanksgiving!

DIRECTORS' REPORT

PART 2: FEED THE LION CAMPAIGN

Please Remember Aslan This Christmas

In our October *On The Move*, I mentioned to you how very important your regular, faithful and generous support is to the success and future of Aslan. The past 2 years have been devastating financially to our ministry. To keep our doors open, we have been forced to reduce our staff

from a high of eleven people to five. This is the same number we had over 10 years ago. By cutting our staff more than in half, moving our offices and reducing expenses to the bare bone, we have taken the necessary and responsible steps to continue to be able to minister to these little ones in need.

It's easy for smaller ministries like Aslan to get lost in the hugeness of the needs in our world. But the needs we are meeting are just as important as any being met by the Mega-ministries. Without question, this coming year will either make or break our work. **It is our promise**

to you that we simply cannot cut expenses further without making the ministry totally ineffective. Our bare-bones staff is way beyond overworked trying to keep providing

our services day in and day out, 365 days a year! Please pray that this wonderful ministry will not fail due to a lack of financial resources. We need God's people to help us keep our arms and legs at Aslan Youth Ministries moving forward. May God richly bless each and every one of you!

Bicycle Adventures

Haiti Mission Breaking Ground On Aslan's Land

In the summer of 1996, we took our first group of teens to Haiti on an amazing 2-week life altering adventure. Little did we know what was in store for us when we arrived in Port-au-Prince and hopped on a "tap-tap" for the 12-hour trip to Ouanaminthe. Now ten years later, we're getting ready to break ground for our International

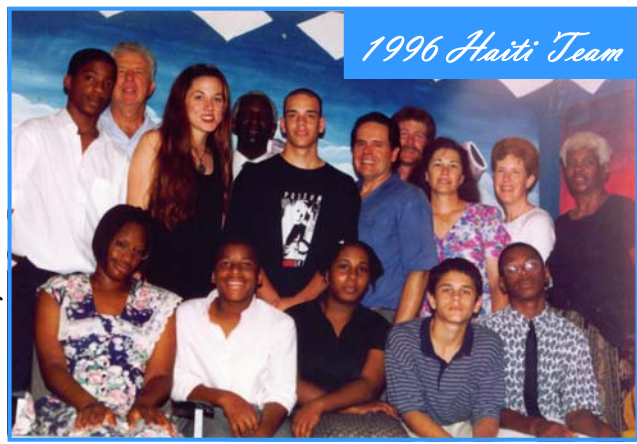

School of Ministry, Operations Center, Orphanage, School & Clinic.

Sometimes people ask why we "expanded" our work from New Jersey to Haiti. The answer is simple. We were called by God to do so! When Lynn Ann and I first moved to New Jersey from New Mexico in 1971, some people asked us, **"Aren't there enough poor people in New Mexico to work with?!"** Had we listened to those naysayers, there would be no Aslan today! With God it's never a question

of "either, or" but always "both, and." Throughout our world there are needs, and God calls some to India and some to Africa. He's called Aslan **both** to Monmouth County **and** Haiti.

In our 30 years of ministry, we have done nothing that has had more positive impact in the lives of our Aslan youth than taking them to Haiti. Our new outreach center will give us the opportunity to introduce lots more Aslan kids to the beauty of their African Heritage and to the abject poverty of

those in so much greater need than they are. Most importantly, our Aslan teens realize that in giving of themselves, they truly receive!
